

Cookie Notice

A '*cookie*' is a small piece of data sent from a website and stored on the user's computer by the user's web browser while the user is browsing. When you visit a site that uses cookies for the first time, a cookie is downloaded onto your computer/mobile device so that the next time you visit that site, your device will remember useful information such as items added in the shopping cart, visited pages or logging in options.

Cookies are widely used in order to make websites work, or to work more efficiently, and our site relies on cookies to optimise user experience and for features and services to function properly.

Most web browsers allow some control to restrict or block cookies through the browser settings, however if you disable cookies you may find this affects your ability to use certain parts of our website or services. For more information about cookies visit <https://www.aboutcookies.org>.
