

## GDPR Compliance Statement

### Introduction

The **EU General Data Protection Regulation (“GDPR”)** comes into force across the European Union on 25<sup>th</sup> May 2018 and brings with it the most significant changes to data protection law in two decades. Based on privacy by design and taking a risk-based approach, the GDPR has been designed to meet the requirements of the digital age.

The 21<sup>st</sup> Century brings with it broader use of technology, new definitions of what constitutes personal data, and a vast increase in cross-border processing. The new Regulation aims to standardise data protection laws and processing across the EU; affording individuals stronger, more consistent rights to access and control their personal information.

### Our Commitment

**Opus Business Media Ltd** (*‘we’ or ‘us’ or ‘our’*) are committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the UK’s Data Protection Bill.

**Opus Business Media Ltd** are dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised in this statement and include the development and implementation of new data protection roles, policies, procedures, controls and measures to ensure maximum and ongoing compliance.

### How We are Preparing for the GDPR

**Opus Business Media Ltd** already have a consistent level of data protection and security across our organisation, however it is our aim to be fully compliant with the GDPR by 25<sup>th</sup> May 2018. *Our preparation includes:* -

- **Information Audit** - carrying out a company-wide information audit to identify and assess what personal information we hold, where it comes from, how and why it is processed and if and to whom it is disclosed.
- **Policies & Procedures** - implementing new data protection policies and procedures to meet the requirements and standards of the GDPR and any relevant data protection laws, including:
  - **Data Protection** – our main policy and procedure document for data protection has been overhauled to meet the standards and requirements of the GDPR. Accountability and governance measures are in place to ensure that we understand and adequately disseminate and evidence our

obligations and responsibilities; with a dedicated focus on privacy by design and the rights of individuals.

- **Data Retention & Erasure** – we have updated our retention policy and schedule to ensure that we meet the ‘*data minimisation*’ and ‘*storage limitation*’ principles and that personal information is stored, archived and destroyed compliantly and ethically. We have dedicated erasure procedures in place to meet the new ‘*Right to Erasure*’ obligation and are aware of when this and other data subject’s rights apply; along with any exemptions, response timeframes and notification responsibilities.
- **Data Breaches** – our breach procedures ensure that we have safeguards and measures in place to identify, assess, investigate and report any personal data breach at the earliest possible time. Our procedures are robust and have been disseminated to all employees, making them aware of the reporting lines and steps to follow.
- **Legal Basis for Processing** - we are reviewing all processing activities to identify the legal basis for processing and ensuring that each basis is appropriate for the activity it relates to. Where applicable, we also maintain records of our processing activities, ensuring that our obligations under Article 30 of the GDPR and Schedule 1 of the Data Protection Bill are met.
- **Privacy Notice/Policy** – we are revising our Privacy Notice to comply with the GDPR
- **Obtaining Consent** - we have revised our consent mechanisms for obtaining personal data, ensuring that individuals understand what they are providing, why and how we use it and giving clear, defined ways to consent to us processing their information. We have developed stringent processes for recording consent, making sure that we can evidence an affirmative opt-in, along with time and date records; and an easy to see and access way to withdraw consent at any time.
- **Direct Marketing** - we have revised the wording and processes for direct marketing, including clear opt-in mechanisms for marketing subscriptions; a clear notice and method for opting out and providing unsubscribe features on all subsequent marketing materials.
- **Processor Agreements** – where we use any third-party to process personal information on our behalf (*i.e. Hosting, etc*), we have drafted compliant Processor Agreements and due diligence procedures for ensuring that they (*as well as we*), meet and understand their/our GDPR obligations. These measures include initial and ongoing reviews of the service provided, the necessity of the processing activity, the technical and organisational measures in place and compliance with the GDPR.
- **Special Categories Data** - where we obtain and process any special category information, we do so in complete compliance with the Article 9 requirements and have high-level encryptions and protections on all such data. Special category data is only processed where necessary and is only processed where we have first identified the appropriate Article 9(2) basis or the Data Protection Bill Schedule 1 condition. Where we rely on consent for processing, this is explicit and is verified by a signature, with the right to modify or remove consent being clearly signposted.

## Data Subject Rights

In addition to the policies and procedures mentioned above that ensure individuals can enforce their data protection rights, an individual's has right to access any personal information that **Opus Business Media Ltd** processes about them and to request information about:

- What personal data we hold about them
- The purposes of the processing
- The categories of personal data concerned
- The recipients to whom the personal data has/will be disclosed
- How long we intend to store your personal data for
- If we did not collect the data directly from them, information about the source
- The right to have incomplete or inaccurate data about them corrected or completed and the process for requesting this
- The right to request erasure of personal data (*where applicable*) or to restrict processing in accordance with data protection laws, as well as to object to any direct marketing from us and to be informed about any automated decision-making that we use
- The right to lodge a complaint or seek judicial remedy and who to contact in such instances

## Information Security & Technical and Organisational Measures

**Opus Business Media Ltd** takes the privacy and security of individuals and their personal information very seriously and take every reasonable measure and precaution to protect and secure the personal data that we process. We have robust information security policies and procedures in place to protect personal information from unauthorised access, alteration, disclosure or destruction and have several layers of security measures, including:

**SSL, encryptions, restricted access, IT authentication, firewalls, anti-virus/malware etc applies.**

## GDPR Roles and Employees

**Opus Business Media Ltd** has designated Hannah Wilkinson as our Data Protection Officer (**DPO**) to implement our roadmap for complying with the new data protection Regulation. The DPO will be responsible for promoting awareness of the GDPR across the organisation, assessing our GDPR readiness, identifying any gap areas and implementing the new policies, procedures and measures.

If you have any questions about our preparation for the GDPR, please contact Hannah Wilkinson Data Protection Officer (DPO) on 01625 426054
